STREETS,WATER,SEWER

Supervisor Evans stated that the DPW crew had been blacktopping and had put millings  
in the drainage repair project on Front Street. There was still work to be done on the  
other side of the street. The crew had also been busy moving. Mr. Evans stated that  
Bothar construction was in the Village and working on the Mill Street Bridge. They have  
set up a light for one way traffic. Mayor Moore stated that it would have been nice to  
have some warning and he would contact the county and find out why they had not at  
least contacted the fire department.

Mayor Moore also stated that he and DPW Supervisor Evans had been in contact with  
Mr. Tripodi in regards to the easement. Mayor Moore stated that the Village would allow  
Mr. Tripodi to put up a gate in exchange for use of the new driveway put in the old  
church lot, but the Village and pedestrians would still have access, also the Village  
would be provided with a key to the gate. Trustee Ryneerson stated that the Village  
could not be transfer title of the property to Mr. Tripodi because of FEMA rules. Trustee  
Durning asked if he or other pedestrians could walk thru, Trustee Ryneerson stated yes  
he/they could.

MOTION#67/20-21

Trustee Warner made a motion to have Beth Westfall draw up a contract stating that Mr.  
Tripodi could put up a gate on the right of way but title would not be transferred. The  
right of way would still be accessible to pedestrians.

FIRE DEPARTMENT

Chief Ryneerson informed the board that they would not be going on weather related  
tree down calls unless they involved power lines. Mr. Ryneerson also said they were  
back to training.

Mr. Zacharias gave the board an update on Eastern Broome. They had stepped up their  
response numbers and were looking good financially. At this time they were looking to  
hire and staff for evenings 3PM-1AM approximately 10 hours. He also stated that the  
fleet was in good mechanical shape.

TRUSTEES

Trustee Ryneerson stated that he had bought a house in Binghamton and therefore was  
tendering his resignation. He thanked everyone and said that if anyone needed anything  
all they had to do was reach out to him.

PRESIDENT

Mayor Moore reported that he had just been in a conference call with Broome County  
and the active cases were up but that the vast majority of those were in nursing homes.  
He stated that we should be moving into Phase II soon.

Mr. Moore informed the board that he had received many emails about youth sports and he did not think the State guidelines would allow for that this year. He also felt that the Lumberjack Festival would not be allowed by the State either, so we would put the application on hold until further notice. Although the festival is a great money maker for the Village it would not be worth risking anyone's life.

Mayor Moore explained to the board that we had had a few issues with our shared services agreement with the Town of Sanford Highway department. He had discussed this issue with Councilman Ditewig and they had both agreed it would be a good idea to terminate the shared services agreement.

MOTION#68/20-21

A motion was made by Trustee Durning and seconded by Trustee Warner to terminate the shared services agreement. Motion passed.

Mayor Moore informed the board that we were having issues with people from outside of the area utilizing the recycling bin. He stated that we need to come up with some ideas to remedy this situation. Trustee Warner and Rynearson felt that putting up a motion detector light and a camera then reviewing it every morning to catch the perpetrators would be a good solution. Mayor Moore also wants to check into getting dumpsters for tires and electronics. Trustee Rynearson thought that the County could waive dumping fees. Trustee Warner suggested that maybe the Counties could bring out one of their dumpsters. Trustee Durning stated he would contact Delaware County and see if this could be done. Mayor Moore said he would contact Broome County and see if they could do the same. Mayor Moore also informed the board that the cost of the recycling bin has gone up quite a bit and it was unavoidable.

MOTION#69/20-21

Trustee Durning made a motion to accept the resignation of Trustee Rynearson with regret and best wishes on the new house. Trustee Warner seconded. Motion passed.
